DIRECTORS' NOTES

Tony Barton, Director

Tracy Neff, Director

Delta Youth Theatre is thrilled to present a remount of our 2019 production of Frozen Jr. This marks only the second remount in our 11-year DYT journey, making this production a particularly special one for our theatre family.

From the extraordinary popularity of Disney's original animated film to its celebrated journey onto the Broadway stage, Frozen has captured the hearts of audiences around the world. Revisiting these beloved characters, unforgettable songs like "For the First Time in Forever" and "Fixer Upper," and timeless sentiments such as "some people are worth melting for" is truly a labour of love.

We are deeply grateful to our original creative and production team, whose work laid the artistic foundation for this production. We also extend our heartfelt thanks to our current creative and production team, who have embraced the opportunity to reimagine and recreate production elements in ways that honour the original while reflecting the unique talents, personalities, and vision of this year's cast.

There is something especially meaningful about a remount: the opportunity to bring together the legacy of our DYT students from years past with a new generation of young performers. In many ways, this production is a celebration of how far we have come and the remarkable young people who continue to shape our theatre community.

At the heart of Frozen Jr. is the relationship between two sisters. The conflict, years of isolation, loneliness, and fear that shape Anna and Elsa's journey are, at times, truly gut-wrenching. Yet there is something profoundly meaningful about exploring these themes alongside young people. The emotional complexities of this story feel especially relatable during such a dynamic and formative stage of life. Exploring the darker, more vulnerable sides of the human experience through theatre gives our young performers an opportunity to develop empathy, deepen their understanding of one another, and discover the transformative power of storytelling.

And perhaps the greatest joy of all is working with these students. They care deeply. They work hard. They are willing to be vulnerable, to arrive at each rehearsal with an open mind, and to take risks, make mistakes, learn, and grow. They support one another, show respect for their directors and mentors, and approach their work with a generosity of spirit that is truly inspiring. Spend even one rehearsal with these young people, and you will leave knowing that the future is bright. Knowing that these are the young people who will one day be at the helm of our communities, our industries, and our world fills us with an immeasurable sense of hope. We could not be more proud.

Above all, we want to celebrate our students and applaud each and every one of them for choosing to be part of this story, in whatever capacity they have embraced. One of the greatest challenges, and joys, of youth theatre is helping our young performers understand just how significant their individual contributions are. A production of this scale is never the work of one person or one moment. It is the collective dedication, commitment, courage, and creativity of every member of the company that brings it to life. We are immensely proud of the care our students have poured into this production and the community they have built together. It is our hope that you will find a little magic, a little laughter, and perhaps a little warmth in your heart as you experience this story with us.

Thank you for joining us, and we hope you enjoy Delta Youth Theatre's 2026 production of Frozen Jr.!

IN MEMORIAM

KATHLEEN WOODSWORTH SINCLAIR

1928-2026

Some stars are born to shine on a stage, while others spend a lifetime teaching those around them how to find their own light. Kathleen was both.

While she may be affectionately known to many as "Tracy's Grandma," her legacy reaches far beyond that title. A graduate of the Toronto Conservatory of Music, Kathleen devoted her career to performing, teaching, and inspiring generations of artists — including Delta Youth Theatre's co-founding director, her granddaughter, Tracy.

In DYT's early days, Kathleen could often be found preparing crew meals, nourishing the people behind the scenes as generously as she had nurtured the artistic dreams of those around her. And, of course, she graced our stage as the Bird Woman in Mary Poppins, astonishing audiences as an unassuming 90-year-old who could still fill a theatre with her presence and command an audience with her artistry. She was a shining reminder that the performer's spirit knows no age.

The most pivotal role Kathleen played to this youth theatre company, was the one that helped make all of this possible. She was instrumental in paving the way for a granddaughter who dared to dream of a life in the performing arts. Tracy's long-held wish to play Laurie Williams in Oklahoma! — a role Kathleen herself had performed in her youth — became a bucket-list moment that ultimately led Tracy to meet partner and co-founding director of DYT, Tony Barton. And here we are.

Today, we mourn the loss of a remarkable star on this earth, while finding comfort in knowing that her light has not dimmed. It lives on in every young performer who steps onto our stage, in every lesson shared, every dream encouraged, and every moment of courage, creativity, and connection that defines our DYT family.

Grandma, your influence is woven into the very fabric of this company. Your legacy will continue to shine through the generations of performers you inspired, and we know that somewhere among the stars, you will always have the best seat in the house.

With love, gratitude, and a standing ovation.

IN MEMORIAM

VIKKI HARVEY

1957-2026

Some people become part of a family not because they have to be, but because they simply show up, time and time again, with open hearts and generous spirits. Vikki was one of those people.

A beloved member of our DYT crew meal team, Vikki had a special gift for bringing people together around a table. Her legendary gourmet mac and cheese became a crew favourite, but it was never just about the food. It was the willingness to plan, prepare, cook, deliver, and make sure everyone was looked after that made her contributions so special.

From the very first production of Frozen Jr., Vikki was a devoted DYT patron and supporter. Even when the world turned upside down during COVID-19 and we found ourselves navigating the unfamiliar territory of livestream theatre, Vikki opened her home and hosted a viewing party to keep our community connected.

She was also a steadfast champion of Scarlett, helping care for the smallest member of our DYT family while the rest of us were busy making theatre happen.

To Tracy Neff and Tony Barton, Vikki was so much more than a supporter. She was a dear friend, a trusted member of our village, and someone whose generosity and affection made the busiest seasons a little easier and a lot sweeter.

We miss you, we love you, and we will think of you every time there's a little extra mac and cheese to go around.

We love you, Uncle Vikki.

She would like to thank DYT for giving her this opportunity, and her parents for always driving her to rehearsals.
